Communications Inc. ("Able Infosat")
and Loral Skynet Corporation ("Loral
Skynet")

**PETITION TO ADOPT CONDITIONS TO
AUTHORIZATIONS AND LICENSES**

The Department of Homeland Security ("DHS"), with the Department of Justice ("DOJ") and the Federal Bureau of Investigation ("FBI") (collectively, the "Agencies"), respectfully submit this Petition to Adopt Conditions to Authorizations and Licenses ("Petition"), pursuant to Section 1.41 of the Federal Communications Commission ("FCC" or "Commission") rules.¹ Through this Petition, the Agencies advise the Commission that they have no objection to the Commission granting its

consent in the above-referenced proceeding, provided that the Commission conditions the grant on 4363205 Canada Inc. (Holdco), 4363213 Canada Inc. (Acquireco) and Skynet Satellite Corporation (collectively, “Holdco”), abiding by the commitments and undertakings contained in its June 21, 2007 letter to Kenneth L. Wainstein, Sigal P. Mandelker, Stewart A. Baker, and Elaine N. Lammert (the “Letter”) attached hereto as Exhibit 1.

In the above-captioned proceedings, Holdco’s applications to the Federal Communications Commission (“FCC”) seek consent for two separate transactions. Pursuant to the first proposed transaction, Holdco will acquire control of Telesat Canada (“Old Telesat”), and Old Telesat’s subsidiary, Able Infosat Communications Inc. (“Able Infosat”). In the second transaction, Holdco will acquire certain of the businesses and subsidiaries of Loral Skynet Corporation (collectively, “Loral Skynet”). Pursuant to these transactions, Holdco will acquire indirect control of a variety of U.S. space station, earth station, and wireless licenses and international Section 214 authorizations currently held by Old Telesat, Able Infosat, or Loral Skynet..

As the Commission is aware, the Agencies have taken the position that their ability to satisfy their obligations to protect the national security, enforce the laws, and preserve the safety of the public could be impaired by transactions in which foreign entities will own or operate a part of the U.S. telecommunications system, or in which foreign-located facilities will be used to provide domestic telecommunications services to U.S. customers. After discussions with

representatives of Holdco in connection with the proposed transfer of control of Old Telesat, Able Infosat and Loral Skynet, the Agencies have concluded that the commitments set forth in the Letter will help ensure that the Agencies and other entities with responsibility for enforcing the law, protecting the national security, and preserving public safety can proceed in a legal, secure, and confidential manner to satisfy these responsibilities. Accordingly, the Agencies hereby advise the Commission that they have no objection to the Commission granting the above-referenced applications, provided that the Commission conditions its consent on compliance by Holdco with the commitments set forth in the Letter.

The Agencies are authorized to state that the parties to the above-referenced applications do not object to the grant of this Petition.

Respectfully submitted,
